Mediation

Exhibit A – Dispute Resolution Procedures

Mediation

A party shall submit a dispute to mediation by written notice to the other party or parties within 90 days from the date the party knows or should have known the facts giving rise to the claim, dispute or question. A party's failure to comply with any portion (including timeliness) of this provision shall be deemed a permanent waiver and forfeiture of the claim, dispute, or question, if the party being provided with notice of mediation after 90 days reasonably determines that the non-compliance materially prejudices it.

The mediator shall be selected by the parties. If the parties cannot agree on a mediator, the International Institute for Conflict Prevention and Resolution ("CPR") shall designate a mediator at the request of a party. Any mediator must be acceptable to all parties and must confirm in writing that he or she is not, and will not become during the term of the mediation, an employee, partner, executive officer, director, or substantial equity owner of any EY audit client.

The mediator shall conduct the mediation as he/she determines, with the agreement of the parties. The parties shall discuss their differences in good faith and attempt, with the mediator's assistance, to reach an amicable resolution of the dispute. The mediation shall be treated as a settlement discussion and shall therefore be confidential. The mediator may not testify for either party in any later proceeding relating to the dispute. The mediation proceedings shall not be recorded or transcribed.

Each party shall bear its own costs in the mediation. The parties shall share equally the fees and expenses of the mediator.

If the parties have not resolved a dispute within 90 days after written notice beginning mediation (or a longer period, if the parties agree to extend the mediation), the mediation shall terminate and the dispute shall be settled by arbitration.

Arbitration

The arbitration will be conducted in accordance with the procedures in this document and the CPR Rules for Non-Administered Arbitration ("Rules") as in effect on the date of the Agreement, or such other rules and procedures as the parties may agree. In the event of a conflict, the provisions of this document will control.

The arbitration will be conducted before a panel of three arbitrators, to be selected in accordance with the screened selection process provided in the Rules. Any issue concerning the extent to which any dispute is subject to arbitration, or concerning the applicability, interpretation, or enforceability of any of these procedures, shall be governed by the Federal

Arbitration Act and resolved by the arbitrators. No potential arbitrator may be appointed unless he or she has agreed in writing to these procedures and has confirmed in writing that he or she is not, and will not become during the term of the arbitration, an employee, partner, executive officer, director, or substantial equity owner of any EY audit client.

The arbitration panel shall have no power to award non-monetary or equitable relief of any sort or to make an award or impose a remedy that (i) is inconsistent with the agreement to which these procedures are attached or any other agreement relevant to the dispute, or (ii) could not be made or imposed by a court deciding the matter in the same jurisdiction. In deciding the dispute, the arbitration panel shall apply the limitations period that would be applied by a court deciding the matter in the same jurisdiction, and shall have no power to decide the dispute in any manner not consistent with such limitations period.

The costs of the arbitration shall be split and borne equally between the parties and such costs are not subject to shifting by the arbitrator.

Discovery shall be permitted in connection with the arbitration only to the extent, if any, expressly authorized by the arbitration panel upon a showing of substantial need by the party seeking discovery.

All aspects of the arbitration shall be treated as confidential subject to the laws of the State of Michigan including but not limited to the Michigan Freedom of Information Act. The parties and the arbitration panel may disclose the existence, content or results of the arbitration only in accordance with the Rules or applicable professional standards. Before making any such disclosure, a party shall give written notice to all other parties and shall afford them a reasonable opportunity to protect their interests, except to the extent such disclosure is necessary to comply with applicable law, regulatory requirements, or professional standards.

Featuring end to end grants management functionality, the Application allows for the application, evaluation, administration, and monitoring for both public and private grants.

2. Application provided "As Is". Except as may be otherwise expressly provided in this Application Information, the Application is provided on an "AS IS" and "AS AVAILABLE" basis without any warranties of any kind. All warranties (including but not limited to implied warranties of merchantability and fitness for a particular purpose or use), terms, conditions and undertakings, whether express or implied by common law, statute, course of dealing or otherwise in relation to the Application and Client's use thereof are excluded to the fullest extent permitted by law. 4. Concurrent Use

The Application is set up to perform optimally for up to number of concurrent Authorized Users as defined in the Statement of Work. To the extent that additional Authorized Users are required to concurrently utilize the Application, overall speed and responsiveness may decrease. The Application can be set up to accommodate more concurrent users without a drop-off in performance; however, this would result in an increase in pricing to reflect the additional costs to EY. For any related questions, Client should reach out to its EY contact person.

5. Support Services

EY will provide, at no additional cost, general support services ("**Support Services**") for the Application at the support levels set out below:

- a. EY will provide planned Application updates twice per year to make available additional Application features and enhancements;
- b. EY will provide support to assist in the remediation of any defect that may arise from Application updates provided the Client meets the Terms of Use requirements as defined in Part B of this Application Information.

Client will provide EY with a list of qualified individuals who are authorized to make requests for Support Services. These individuals may make these requests by contacting EY via the processes defined within the Statement of Work.

Requests for Support Services shall include a documented example of the reported error. Where requested by EY, Client will also provide EY with a listing of output or any other data which EY requires to reproduce operating conditions similar to those present when any defect or error in the Application was identified.

6. Client Responsibilities

Client shall be responsible for determining whether the use of the Application is appropriate for the Client's purposes. In addition, in its use of the Application, Client will:

- a. provide EY access to Client designated personnel whose participation is necessary to enable the successful use of the Application;
- b. provide EY with an email address at which Client will receive written correspondence from EY;
- c. define and implement processes and protocols that pertain to effective use of the Application as well as any relevant tasks and processes in managing internal security (including virus protection), access rights and back-ups;

It is the responsibility of Client to make sure that Client's access and use of the Application complies with all laws applicable to Client and its business, in any jurisdiction in which it uses or access the Application. As such, EY makes no commitment that Client's access and use of the Application complies with any laws, rules, regulations, ordinances, compacts, judgements, agreements, or otherwise, which are applicable to Client;
- f. obtain and maintain all necessary hardware, software licenses, consents and permissions required to receive EY's delivery of the services pursuant to this Agreement and to ensure that the Client's network and systems comply with the relevant specifications provided by EY from time to time;
- g. implement appropriate processes, systems and procedures to protect itself from viruses or other harmful components.

7. Changes to the Application

EY may make changes to the Application for any reason at any time provided that EY shall provide Client follow up notice of any material change in functionality. Application updates are planned bi-annually and communicated 90 days ahead of planned availability. Client will have 30 days to deploy and evaluate the updated Application. Client is responsible for deploying

updated Application to all environments within 30 days of delivery unless mutually agreed with EY.

15.3 EY shall keep confidential the Personal Data that it processes on behalf of the Client and shall provide that anyone acting under its authority keeps Personal Data confidential, unless it is required by applicable law, professional regulation or governmental directive to disclose such Personal Data. It shall Process such Personal Data only on the documented instructions of the Client, unless it is required to Process Personal Data under applicable law, professional regulation or governmental directive. In that case, EY shall inform the Client of that legal requirement before Processing the Personal Data, unless applicable law, professional regulation or governmental directive prohibits such notice. If EY incurs additional costs as a consequence of the Client changing already provided instructions or

- 15.5 Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing of Personal Data as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, EY shall implement technical and organizational measures designed to ensure a level of security appropriate to the risk. The measures will also be aimed at preventing the unnecessary collection and further Processing of Personal Data. EY shall periodically evaluate and strengthen, supplement or improve the measures it has implemented insofar as requirements or technological developments prompt it to do so.
- 15.6 EY shall give the Client the opportunity periodically to check compliance with these provisions and the statutory provisions applicable to the Processing of Personal Data. The checks may be carried out on behalf of the Client by an external independent auditor unless that auditor is a direct competitor of EY at the Client's expense and upon not less than sixty (60) days' prior written notice. That periodic check shall be limited to EY's answering questions put by the Client (a maximum of once a year) during normal business hours about EY's compliance with applicable Data Protection Law and, where necessary, the Client's being allowed to interview an EY IT employee or EY IT employees at an EY premise.

other competent authority, or in connection with a request or complaint from Data Subjects whose Personal Data are being Processed by EY. EY shall also assist the Client in complying with applicable Data Protection Law that may require the Client to conduct data protection impact assessments and to consult with Supervisory Authorities.

- 15.10 EY shall not outsource the Processing of Personal Data in whole or in part to a subcontractor without the prior written authorization of the Client. The Client shall be entitled to refuse such authorization without giving a reason or to make its authorization subject to further conditions. EY's subcontractor must also, as a minimum, comply with contractual provisions similar to this Agreement. In case the subcontractor fails to fulfil its data protection obligations under such contract with EY, EY will remain fully liable towards the Client for the performance of the subcontractor's obligations. By signing this Agreement, the Client authorizes EY to engage other EY Firms and any member, shareholder, director, officer, partner, principal, employee or subcontractor of EY or any other EY Firm in the Processing of Personal Data.
- 15.11 EY may Process Personal Data in countries outside the European Economic Area ("EEA") provided that EY complies with the provisions of Chapter V of the Regulation ("Transfers of personal data to third countries or international organizations").
- 15.12 EY has implemented Processor Binding Corporate Rules ("BCRs") for transfers between the various EY Firms. They are published on its website: www.ey.com/bcr. The Client agrees that it is responsible to inform Data Subjects about the existence of processors based outside of the EU and to provide a link to EY's BCRs and this Agreement (without any sensitive/confidential information) as well that if in case a transfer involves special categories of Personal Data, Data Subjects have been informed or will be informed before such transfer takes place.
- 15.13 The duration of the Processing will be governed by the Agreement. After the end of the provision of services relating to Processing, EY shall, at the choice of the Client, delete or return all Personal Data to the Client and delete all copies unless EY has a statutory or professional duty to store the Personal Data beyond termination of the Agreement. The Parties acknowledge that EY may keep data retained for back-up purposes which EY may keep pursuant to its document retention and business continuity policies, provided that the security and confidentiality provisions as included in this Agreement continue to apply to them.
- 15.14 For the avoidance of doubt, nothing herein shall be deemed to prohibit EY, acting as a Controller (or similar status) from Processing Personal Data for certain internal processes, such as safeguarding compliance with regulatory and legal obligations to which EY is subject, conflict checking, risk management and quality reviews and EY's internal financial accounting, information technology and other administrative support services.

16. IT Security and Application Infrastructure

EY shall seek to limit access to the User Content/Personal Data to authorized users, who require such access based upon business requirements.

- 16.6 With regard to the specification, acquisition, development and maintenance of information systems, including both those procured from external vendors and those internally produced, EY shall determine the confidentiality, integrity and availability requirements, and continue to review these against an enduring risk profile through the usage lifecycle. EY shall define and maintain principles for the appropriate security aspects of any Application development lifecycle. EY shall implement procedures and methods designed to identify and evaluate notified technical vulnerabilities and threats and shall deploy a patch and vulnerability management policy designed to remediate EY's information systems where necessary.

To the extent that EY uses any third parties to provide the Application Infrastructure or otherwise support the Application, EY shall be responsible for such third parties to the same extent as EY hereunder.

RESOLUTION TO USE ARPA CONTINGENCY FUNDS AND EARNED INTEREST TO PROVIDE REVENUE REPLACEMENT FUNDS TO FLINT DOWNTOWN DEVELOPMENT AUTHORITY DUE TO PARKING REVENUE LOSS DURING COVID-19 PANDEMIC

In 2022 and 2023, the City of Flint received funds pursuant to the American Rescue Plan Act of 2021 (ARPA), which could be used by the City for specific and defined purposes. In 2023, the City of Flint obligated all of the ARPA funding received, of which approximately \$40 million was obligated as “revenue replacement” on December 20, 2023;

City Administration recommends reallocating \$560,586 of ARPA funds - \$250,000 previously obligated for contingency and \$310,586 from earned interest – to provide revenue replacement funds to the Flint Downtown Development Authority because of parking revenue lost during the COVID-19 pandemic, specifically from April 1, 2020 to June 30, 2022. During these 27 months, compared to the parking revenue reported from July 1, 2018 to June 30, 2019, the parking revenue loss was calculated to be \$560,586; the table is part of this resolution packet.

Reallocated funds will be moved from Acct #101-287.000-963.000 (\$250,000) and Acct #001-000.000-273.800 (\$310,586) as follows:

Account Number	Account Name / Grant Code	Total Amount
101-612.011-969.728	ARPA- DDA COVID Revenue Loss Replacement – Contributions	\$250,000
101-191.100-969.728	ARPA Interest -DDA COVID Revenue Loss Replacement – Contributions	\$310,586
TOTAL	Parking revenue loss incurred by the Flint DDA from April 1, 2020 - June 30, 2022	\$560,586

IT IS RESOLVED that the appropriate City officials are authorized to do all things necessary, including executing any necessary agreements, to appropriate funding from the funding source accounts #101-287.000-963.000 and #001-000.000-273.800 for a contribution to the component unit, Downtown Development Authority, in the amount of \$560,586. Based on review and validation of the appropriate fund use by the City’s compliance firm, implementation of these funds will be consistent and compliant with US Department Treasury requirements and previously approved authorizations.

AGENDA ITEM TITLE: RESOLUTION TO USE ARPA CONTINGENCY FUNDS AND EARNED INTEREST TO PROVIDE REVENUE REPLACEMENT FUNDS TO FLINT DOWNTOWN DEVELOPMENT AUTHORITY DUE TO PARKING REVENUE LOSS DURING COVID-19 PANDEMIC

PREPARED BY: Emily Doerr, Director of Business and Community Services (formerly known as Planning and Development)

VENDOR NAME: n/a

BACKGROUND/SUMMARY OF PROPOSED ACTION:

The Flint Downtown Development Authority is reliant on parking revenues to cover costs and provide services crucial to downtown businesses, residents, and organizations. During the COVID-19 pandemic, demand for downtown parking evaporated as their monthly parkers were furloughed or worked from home. Uncollectible revenues grew exponentially as monthly parkers stopped paying for spaces but also neglected to cancel their parking privileges. Adding to that, closed businesses meant that no shoppers, diners or concert go-ers were visiting Flint and utilizing (paying for) downtown parking infrastructure. This loss represented a sizable part of the DDA's budget which affected the available funds for necessary services such as snow removal, trash pickup, landscaping and downtown maintenance. As the quarantine orders were lifted, parking revenues did not return to pre-COVID 19 levels. Many businesses and non-profits have transitioned to hybrid schedules that result in many more employees using Work From Home (WFH) options more often, further reducing the need for parking. Some examples include:

- The United Way generally requires most employees to be in the office just one day per week.
- The Mott Foundation is now on a Monday-Thursday schedule.
- The change from Citizens Bank to Huntington over the last decade will take the bank's downtown workforce from over 350 employees to under 30.
- At the Community Foundation of Greater Flint employees are on site just three days per week and remote the other two.

Adding to this, UM-Flint experienced a significant decline in enrollment in 2021 and 2022 and also has over 60% of their classes online, meaning many students rarely set foot on campus, or downtown. The once considerable impact of students, faculty and staff is now minimal. The net result of these factors has been an across-the-board drop in demand for monthly parking, daily parking, and metered parking.

**PREVIOUS ALLOCATIONS (INCLUDE ALL ACCOUNTS USED FOR THIS PURPOSE)/
PROVIDE RESOLUTION OR CONTRACT INFORMATION THAT APPLIES:** n/a

**POSSIBLE BENEFIT TO THE CITY OF FLINT (RESIDENTS AND/OR CITY OPERATIONS)
INCLUDE PARTNERSHIPS AND COLLABORATIONS:**

Using ARPA funds to provide revenue replacement funds to the Flint DDA will allow this autonomous entity that is a part of the city but operates under its own budget to continue providing basic services that keep the downtown poised for day-to-day attraction of customers, special events, and ongoing business

growth, including snow removal, trash pickup, landscaping and downtown maintenance. This entity did earn additional tax capture revenues in 2022 and 2023 because taxable values have increased but that simply led to the DDA being able to fully make the bond payments owed for the construction of the Rutherford Parking Structure – in years past when the DDA was unable to make those bond payments in full, the burden fell onto the City budget to fill the gap. This usage of ARPA funds is absolutely part of the original intent of the funds and will help this unit of government be stabilized.

FINANCIAL IMPLICATIONS: ARPA funds must be obligated by 12/31/24 and fully expended by 12/31/26. This revenue replacement grant will allow the Flint DDA to maintain solvency until it can regain adequate levels of parking revenue. This resolution will obligate \$250,000 of the ARPA funding, moved to the general fund with adopted resolution 230464.1, and use \$310,586 of earned interest gained from the federal funds received for Covid State and Local Fiscal Recovery Funds.

RESOLUTION APPROVING REALLOCATION OF ARPA FUNDS TO AWARD ARPA FUNDS TO REROOT PONTIAC FOR ALTERNATE USES FOR VACANT LOTS

Prepared by: Latrese Brown, Community Liaison

Background/Summary of Proposed Action:

Reroot Pontiac *Funding request and purpose:* Requesting \$25,000 for Reroot Flint Project.

The Project proposed represents the formalization of Reroot Flint as a new nonprofit. Reroot Pontiac is an established non-profit and the parent organization that helped to sprout Reroot Flint. This project will include a number of connected vacant lots to provide a vibrant available green space to the community. They will be installing educational spaces focused on the complex web of environmental interactions that support the health of a community. These are interactive spaces allowing people with little to no background on these topics to have access to this information through interactions they are familiar with seeing every day. Through this project, people exposed and participating, will gain a working understanding of systems thinking that can be applied to multiple aspects of their lives.

This project would include the creation of a sustainable community garden, aquaponics, a living structure, and green storm water infrastructure (GSI) installations. The gardens will be installed through building a healthy soil community before installing the garden. Using this setup, water and fertilizer will not be needed for the garden and there is less worry about soil contamination in this garden, as the fungi and associated bacteria remediate or lock up most all contaminants.

Aquaponics is an accessible system showing the importance and processes of nutrient cycling in a small system. The living building will mirror the one installed in Pontiac. This structure is made of 1000+ interwoven grafted willow trees that are planned to grow into the single largest living structure in the United States. GSI installations containing native pollinator supporting plants will be installed along the street and in areas of a runoff concentration. As the licensed National Green Infrastructure Certification Program (NGICP) trainer for the State of MI they seek to support the community by offering workforce development opportunities in GSI.

AGENDA ITEM TITLE: RESOLUTION APPROVING REALLOCATION OF ARPA FUNDS TO AWARD GRANTS FOR EMERGENCY WATER RELIEF FUNDS

BACKGROUND/SUMMARY OF PROPOSED ACTION:

The City Administration recommends reallocating \$250,000 of ARPA funds, previously obligated for revenue replacement, to provide funding to The City of Flint for emergency water relief funds for the residents. a water bill relief credit for emergency water relief only will provide immediate financial relief to residents, many of whom are disproportionately minorities and are low to moderate-income earners.

PREVIOUS ALLOCATIONS (INCLUDE ALL ACCOUNTS USED FOR THIS PURPOSE)/ PROVIDE RESOLUTION OR CONTRACT INFORMATION THAT APPLIES

The administration allotted up to \$8,600,000 towards water bill relief in the amount of a \$300 credit per residential account, the equivalent of three months of the average water bill. Funding for this project shall come from the American Rescue Plan Act fund (287). The water relief credit was applied on June 30, 2022. The remaining balance is \$174,594.63, with revenue replacement at \$30,000, and \$25,000 contingency fund, and from the administration budget 20,405.37 will be used for this resolution.

POSSIBLE BENEFIT TO THE CITY OF FLINT (RESIDENTS AND/OR CITY OPERATIONS) INCLUDE PARTNERSHIPS AND COLLABORATIONS:

The designated purpose of ARPA funding is to replace lost revenue. The City of Flint is owed \$10 million in unpaid water bills, much of this dating to the pandemic when the administration placed moratoriums on water shutoffs to stop the spread of COVID-19. Flint residents continue to face hardship in paying their water bills and no assistance programs are available currently. To recover lost revenue to stabilize the water system's finances and support residents who are unable to pay their bills, the City of Flint proposes to use \$250,000 in ARPA funds for emergency water bill assistance for residents.
