RICK SNYDER  
GOVERNOR

BRIAN CALLEY  
LT. GOVERNOR

January 17, 2018

Mr. Craig Glidden  
General Counsel and EVP Law & Public Policy  
General Motors  
Tower 300 – Office 3-39-B40  
Detroit Renaissance Center  
Detroit, MI 48243

Dear Mr. Glidden,

On behalf of the State of Michigan, I am writing to request that General Motors facilities in the Flint area return to the Flint municipal water system. As you are likely aware, a 30-year contract has been approved between the City of Flint and the Great Lakes Water Authority that cements the best option for water from a health and safety perspective as well as from an affordability perspective. In addition, numerous water quality tests over the last two years show dramatic improvement in the water quality of Flint compared to the time when General Motors exited the system.

The State is aware that you have a contract with another water provider, and that there may be limitations to your ability to make this switch back to the City of Flint. The State would be happy to facilitate a meeting between GM and the City of Flint so that this possibility could be discussed and the City could gain an understanding of what GM's options and needs would be as a potential water customer.

Sincerely,

A handwritten signature in blue ink that reads "Rick Snyder".

Rick Snyder  
Governor
